Subject: PRB War Addition - Mid Valley Pipeline Oil Spill

Mid Valley Pipeline Oil Spill, Mooringsport, LA EPA is responding to an estimated 4000 barrel crude oil spill from a 20" pipeline. The spill has impacted 4 miles of a creek and bayou. The oil is currently contained 300 yards up gradient of Caddo Lake. EPA has established unified command and is working with the RP and state and local responders to clean up the oil and prevent it from impacting Caddo Lake. **(Crossland x2721)**
